

EQUAL MALTA 2004 – 2006	
MEASURE 1A - EMPLOYABILITY	
EQUAL PROJECT No. 8	
CREATING EMPLOYMENT OPPORTUNITIES FOR SOCIALLY DISADVANTAGED GROUPS THROUGH THE CONDUCT OF SMALL SCALE RECYCLING ACTIVITIES	
1. Final Beneficiary	WasteServ Malta Ltd
2. Brief Description	<p>The aim of this project is to provide employment and training opportunities to socially disadvantaged groups who find it difficult to enter the job market. The focus will primarily but not necessarily exclusively be on rehabilitated drug abusers, people with disabilities, ex-offenders and offenders ending their sentence and reintegrating back in society. This project will create an intermediate labour market initiative which can realistically enhance the chances of these individuals of obtaining full time and continued employment.</p> <p>This Project will have the following activities:</p> <p>Activity 1: Engage a trainer or trainers to provide practical training to selected participants about methods of small-scale recycling. The trainers are to be engaged following a call for tenders. This training will be useful for the participants when they start employment in the recycling centre.</p> <p>Activity 2: The trained participants will be employed in the recycling centre to perform small scale recycling activities. The recycled products produced from scrapped materials will then be available for sale at a price lower than that of the market. Any revenues generated will be used to alleviate the on-site expenses such as wages to participants and any maintenance required.</p>
